

„Kultur im Norden – KUNO“

offers

a unique opportunity for students from European Universities to do an internship at the editorial office of KUNOweb and KUNOradio within the framework of the LLP Erasmus Placements

KUNO stands up for

- Arts, culture and communication in an aesthetically active community, engaged in the arts as leisure activities and involvement in and for the community;
- Co-operation, participation and cross-cultural partnership between older and younger citizens, men and women in an atmosphere of equality and on a mutual learning and teaching agreement;
- Communication through digital media, which by no means excludes other forms of social interaction;
- Optimization of self-esteem and quality of life thanks to the mediation, acquisition and development of aesthetic and digital skills and abilities.

We would like to engage people in the context of artistic diversity and to build up a network of arts and artists. We are interested in getting in touch with projects and institutions sharing programmes and factual affinities with us.

Details on the available Internships:

- Duration: 3 months
- Possible period: any time from now
- Working hours: 30 per week
- Responsibilities: supporting the editorial staff (with own research)

What do we expect?

- Students will have to apply for Erasmus funding through their home university
- Certified C1 knowledge of German
- Profound experience in working with various computer programs (Microsoft Office) and surfing the web
- Reliability and enthusiasm

How to apply?

- a motivation letter
- your curriculum vitae

by email to kulturimnorden@gmail.de.
