Short Description of the Company (Please attach profile of your company, max 1 page)	<p>The Foreign Language Learning & Research Lab is based at the ground floor of the Central Library Building (Rooms 213 & 214) and aims to promote the practice and learning of a foreign language with the method of 'autonomous learning'.</p> <p>The Lab is addressed to all members of the academic community (students, members of academic staff, administrative staff) who wish to use the lab's resources for educational purposes. At present, only English language learning is supported but we hope to offer more language learning opportunities in the future.</p> <p>In addition to print material, the Lab is equipped with access to an online platform for learning English, named TELL ME MORE, which is free for all lab users. The platform covers all language levels (from Beginners/A1 to Proficient/C2 users) with a variety of interactive exercises and is divided in two main sections: English for Everyday Situations and English for Professional Situations.</p> <p>The lab is also used for micro-teaching and seminars, leading to the advancement and promotion of innovative language teaching methodologies with the use of multimedia tools, including interactive whiteboards and relevant research tools (i.e. language corpora).</p>
